CHILD SEXUAL EXPLOITATION
THE MORE YOU KNOW THE MORE YOU SEE

WWW.CRIMESTOPPERS-UK.ORG/CSE

Child sexual exploitation is a crime that can affect any child, anytime, anywhere - regardless of their social or ethnic background.

It involves offenders grooming youngsters and using their power to sexually abuse them. It can take many forms, whether it occurs through a seemingly 'consensual' relationship with an older boyfriend, or a young person having sex in return for attention, gifts, alcohol or cigarettes.

Look out for warning signs indicating a child may be being exploited:

- **Regularly missing from home or school and out all night**
- **Change in behaviour - becoming aggressive and disruptive, or quiet and withdrawn, or criminal behaviour**
- **Unexplained gifts or new possessions**
- **Increase in mobile phone use or internet use, or being secretive**
- **A significantly older 'friend' or lots of new friends**

If the answer leave you feeling concerned, you need to speak to us.
